KEEPING ONE'S WORD

... has long been a well-respected tradition of the Western frontier. I guess it has been used and respected in other societies, but somehow the "Old West" brought out that a "man's word is his bond," and a "handshake is as binding as a contract" could be depended upon as being the gospel truth.

Paul Thompson, the San Antonio Express columnist, used the term in connection with a mention of Joe Pitre a few days back. Thompson stated: "Joe Pitre was as good as his word." He said he'd file against Sheriff Charles Hitzfelder in Medina County and, according to the Hondo Anvil Herald, last week he did ...

To whom was Pitre true as his word? To Mr. Thompson yes. But not to the people of Hondo and Medina County.

Back in November of 1970 Pitre, who was facing Grand Jury action at that time, came by the Anvil Herald office and asked "a favor" of me. He wanted to get a message across to the people. So on November 18, 1970 this column carried the following message for Joe:

"Joe Pitre dropped by the office the other afternoon for a chat.

"He wanted me to present a message to the public for him.

"His message concerned the talk or mention about him running for public office, particularly the office of sheriff.

"I don't have any desire to run for office," Joe said. "I have no plans to run for sheriff or any other public office. I have served as a law enforcement officer for the past 17 years and I want to continue in that field."

"Pitre went on to say that all he has on his mind right now is clearing his name of the charges which have been brought against him, then he wants to get back in the law enforcement field."

The following week the Grand Jury nobilled Pitre due to lack of evidence and his name was cleared. And that same week he told Paul Thompson the message in the Anvil Herald was "just to get Sheriff Hitzfelder off his back."

Yes, he kept his word, all right. But to whom? Certainly not to the citizens of Medina County.

Alvin Santeleben running for sheriff

Understanding the need, plus a sincere and deep personal desire to give the citizens of our county an effective and improved law enforcement, and in response to the encouragement of many personal friends and concerned citizens of this county, I respectfully announce my candidacy for the office of Sheriff of Medina County in the May 6th, 1972, Democratic Primary, and humbly request your vote at the time.

Sincere and honest law enforcement demands that a person be dedicated to upholding the Community, State, and Federal laws, and without these attributes law enforcement becomes meaningless.

Many of the citizens of our County know me personally and are aware of the impartial, diligent, and non-discriminatory manner in which I have faithfully fulfilled the office of Constable, Precinct No. 8, Medina County, for the past 11 years as a fully qualified officer of the State of Texas. Those that do not know me personally are urged to talk to the citizens of this county that are aware of the manner in which I have performed the duties of a law enforcement officer over the past 11 years.

I look forward to meeting as many of you as is humanly possible, and discussing the problems of Medina County with you. In announcing my candidacy it is my sincere and deepest desire to provide the citizens of our county with a sheriff that will give personal attention to all complaints, grievances, and violations that occur in our county, and to provide you with complete,

Livestock Show not affected by recent swine quarantine

A new quarantine on all swine in Medina County will not affect swine going to the Medina County Junior Livestock Show February 7-8, according to County Agent Glenn Bragg.

"All swine going to the Livestock Show will be inspected on the premises on Friday and Saturday, February 4 and 5," Bragg said. Slaughter swine will be allowed to move direct to

slaughter through a livestock market or through a buying station, provided they move on a permit issued by a representative of the Texas Animal Health Commission, Bragg's release stated.

"The herd of origin must be inspected by this representative," Bragg said. "We are requesting that any hog producer in Medina County who has hogs to be moved to market contact the County

Agent office, 426-2233. The representative from the Texas Animal Health Commission will check with the County Agent's office at 8 a.m. daily to obtain a list of producers desiring to move hogs to market."

Bragg continued: "It is very important that producers contact this office at the earliest date possible in order that they will not be delayed in getting animals to market. At night producers may call me at my home phone number 426-2354."

Bragg also announced there has been a specific group of poultry quarantined. All poultry purchased from E. D. Steel at Kyle, Texas will not be able to show in the County Junior Livestock Show.

"A representative from the Texas Animal Health Commission will come to the home of those persons who have purchased these chickens to explain the details," Bragg said.

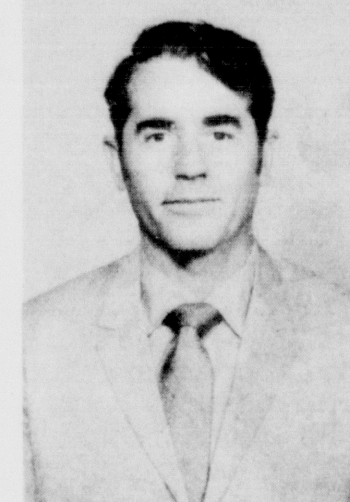

Activities centered around preparation for the Show on February 7-8 continued at a fast pace, according to Bragg. FFA and 4-H members from throughout the County are working feverishly to get their animals ready for the big show.

In Hondo an appeal for funds with which to purchase Hondo entries has been made and the Hondo Chamber of Commerce is the collection agency. The pool is collected each year from interested business people and funds are used toward purchase of entries by Hondo youngsters.

Entries in the Feb. 7-8 Livestock Show will be accepted beginning at 7 a.m. Feb. 7 and must be in pens by 10 a.m. on that day. And commercial calves must be at the barn between 6 and 8 a.m. Feb. 8.

The show this year is dedicated to the late George Ilse, who for many years was an ardent support of the event and the youth of the county. The Livestock Association also has renamed the barn in his honor--the George Ilse Show Barn.

THE JUNIOR LIVESTOCK SHOW needs the support of all people in the county. Go out on February 7-8.

Missionary to speak Sunday

If county residents would like to hear a missionary who knows all about farming, they should be present Sunday at the Hondo Baptist Church. Carl Felix Ryther, a missionary who has served in East Pakistan since 1962, will be present for services at both 11 a.m. and 7 p.m. Sunday. Home on an emergency furlough, Ryther will relate experiences in East Pakistan

during his tenure there. On Saturday evening at 7:30 p.m. he will meet with young people at the church. This meeting is open to any young person in town, no matter which church they are affiliated with (or no church for that matter).

Ryther is a native of Belle Fourche, South Dakota and majored in agriculture in college. He serves as

County Agent in South Dakota for three years prior to entering the ministry. And in 1962 he was appointed by the Southern Baptist Foreign Mission Board for East Pakistan.

"We feel Mr. Ryther has an interesting message and extend a cordial invitation to all to attend," said Pastor Jim Reid.

Biry residents to get water

The East Medina County Water Supply Corporation this past week won favorable review for a federal loan and Medina County's septic tank

inspection ordinance can be credited with being a factor in the Corporation's favor. Quick approval and endorsement of the Corpora-

tion's loan application for approximately \$61,000 was given by the Alamo Area Council of Governments Executive Committee.

This loan, through the Farmers Home Administration, is to cover an extension of their present water system into the Biry Community. Some 40 residents of the Biry Community, which is east of Hondo, will contribute \$5,000 toward the project.

GARC members criticized the absence in Wilson County of inspection procedures for septic tanks and gave the Floresville request favorable review only with the condition that Wilson County develop a mechanism for septic tank inspection similar to that existing in Medina County.

"The foresightedness of the Medina County Commissioners Court and their determination to face up to issues by passing the septic tank inspection ordinance helped us get this approval," said J. E. Rhodes of the Biry Community. Rhodes, R. R. Haas, A. H. Bendele and the late Marvin Haas formed the committee that has spearheaded this project.

Bids for construction will be asked early this summer and Miles P. Locke, certified water engineer for Waco, will handle construction,

Three hats in ring for sheriff

More hats keep popping into the political ring in Medina County and most races are shaping up as being contested.

Gaining interest this week was the race for County Sheriff. Alvin Santeleben, LaCoste constable, filed for the office and announced he is a full-fledged candidate. He joins incumbent Sheriff Charles Hitzfelder and can-

didate Joseph M. (Joe) Pitre in the race.

Incumbent Alfred Rohrbach filed and announced his candidacy for re-election as Tax Assessor-Collector. Thus, with Lee Moss already announcing as a candidate, this office will be contested.

Fred Bader has announced he is running again for County Commissioner of Precinct 1, and Charles Lang-

field also announced he will seek re-election as Commissioner, Precinct 2.

Mary Ilse has filed for the office of Constable, Precinct 1, Hondo.

Albert Vance of Hondo is the only candidate to file for the position of County Attorney. Incumbent Frank Vance is not seeking re-election.

On the district level, District Judge Ross Doughty has filed for re-election as District Judge, 38th Judicial District.

City Elections Switching to the City Elections in Hondo only one incumbent has told the Anvil Herald that he will seek re-election. Hilmer Mueller in Place 4 has said he will seek re-election.

Ralph Hauger in Place 3 and G. E. "Pete" Pedroza in Place 5 have not made any public announcement on their intentions as to yet.

Rohrbach files for re-election

Alfred J. Rohrbach has announced his candidacy for re-election to County Tax Assessor-Collector and has authorized the Anvil Herald to release the following statement: Thanking the voters for their many kind favors of the past, I hereby announce my candidacy for re-election to the office of Tax Assessor-Collector of Medina County in the May 6, 1972 Democratic Primary.

When I announced for the

office and was elected the first time, I promised the people of Medina County honest, efficient service, which I think I have upheld, and assure you if re-elected, I will continue to do so.

Your vote and support will be appreciated.

Respectfully,
Alfred J. Rohrbach

Housing studied

When the Medina County Program Goals committee holds its next meeting in Hondo on Feb. 15 housing problems are likely to grab a major portion of the spotlight.

Or they will if Committee Chairman Sid Malone has any say over the agenda.

The Committee this month heard a report on a survey made by questionnaire which gave housing top priority as far as needs are concerned in the county.

After listening to the report on the survey by the Rev. George Steubben of Hondo, chairman, Malone, who is mayor of Devine, said the next meeting will be devoted to a review of methods and recommendations which may be utilized to solve the housing problem.

Publicize Alamo Trail Riders

All Medina County residents received a special invitation last Friday to participate in the 10th annual Alamo Trail Ride and attend the San Antonio Livestock Exposition and Rodeo. Bexar County Commissioner A. J. Ploch and Sheriff Bill Hauck brought along Karen Tumulty of Austin to lend an atmosphere of graciousness to the invitation. The Trail Ride will begin at Alamo Village in Brackettville on February 5 and arrive in Hon-

do on February 8. Members of the ride will eat lunch here and head to Castroville where they will be hosted at a giant barbecue and dance in Koenig Park that night by the Castroville Chamber of Commerce. Extending the invitation are, left to right: Commissioner Ploch, Mayor George Brucks, Miss Tumulty, Sheriff Hauck and County Judge Jerome Decker. The trio were treated to coffee and donuts at the City Municipal Building.

92nd Congress analyzed

As the 92nd Congress began its second session last week, President Nixon appeared to deliver the traditional State of the Union address. He gave one orally, in the ceremonial gathering of the Congress, the Supreme Court, the Cabinet, the chiefs of the military services and the ambassadors of many nations. A much longer version was presented in writing. After hearing the President and reading his 15,000-word document, and listening to the reactions of my colleagues, I believe the Democrats agree with Mr. Nixon that this will be an important session of the Congress.

I am not prepared to believe that the forthcoming 1972 elections will not be involved in this Congress. Mr. Nixon offered a statement of high principle, early in his speech, when he said, "Let us join in making sure that legislation the nation needs does not become hostage to the political interest of any party or any person." I agree that the national interest should always come first. But the general tone of his message was that his administration could solve most of the nation's problems if the Congress would only agree. I doubt seriously that the proper role of the Congress is to be a rubber-stamp.

Revenue

Sharing Example
As an example, the President referred to revenue sharing plans as the answer to

Here in Hondo

Mrs. Robert Kollman of Colorado Springs, Colo., spent the week visiting relatives and friends in Hondo and San Antonio.

problems ranging from state and local government structures and urban community development to more school aid and manpower training programs.

Revenue sharing, in its essential concept, proposes that the federal government turn certain tax money back to state and local governmental units. It has seemed to me more reasonable that federal taxes be cut as responsibilities for government services are relocated, but I also see merit in a proposal by Wilbur Mills, Chairman of the House Ways and Means Committee.

Mr. Nixon, in proposals sent to us last year, would allocate federal funds on the basis of population. Mills, in another plan, uses the need of an area, as well as its population, to determine allocation of funds.

Responsibility to People
Mills also provides that responsibility for use of the funds is to remain in the Congress. Mr. Nixon's past plans would provide money with rather general definitions of how it is to be used. I believe the Congress will choose the method that maintains responsibility at the level that takes the money from the taxpayer. This, then, is one example of how the Congress may not choose the President's methods to face a problem.

Another example is foreign aid. Last session the President proposed some revisions of our aid system, but his proposals came too late for adequate congressional study. I am not one who is thoroughly satisfied with our present aid system, and I shall work for improvement as a member of the House Foreign Affairs Committee. But that does not

mean that I shall docilely accept the President's proposal, which said in effect that we should vote all the money he asked last year, and give him the reforms he requested.

Government Reorganization

He also placed renewed stress on reorganization of the federal government. His plan would retain four departments: State, Treasury, Defense and Justice. It would, under a new change, keep the Department of Agriculture, with a new definition of its responsibility. But otherwise, the present departments would be revised into Departments of Natural Resources, Human Resources, Community Development and Economic Affairs.

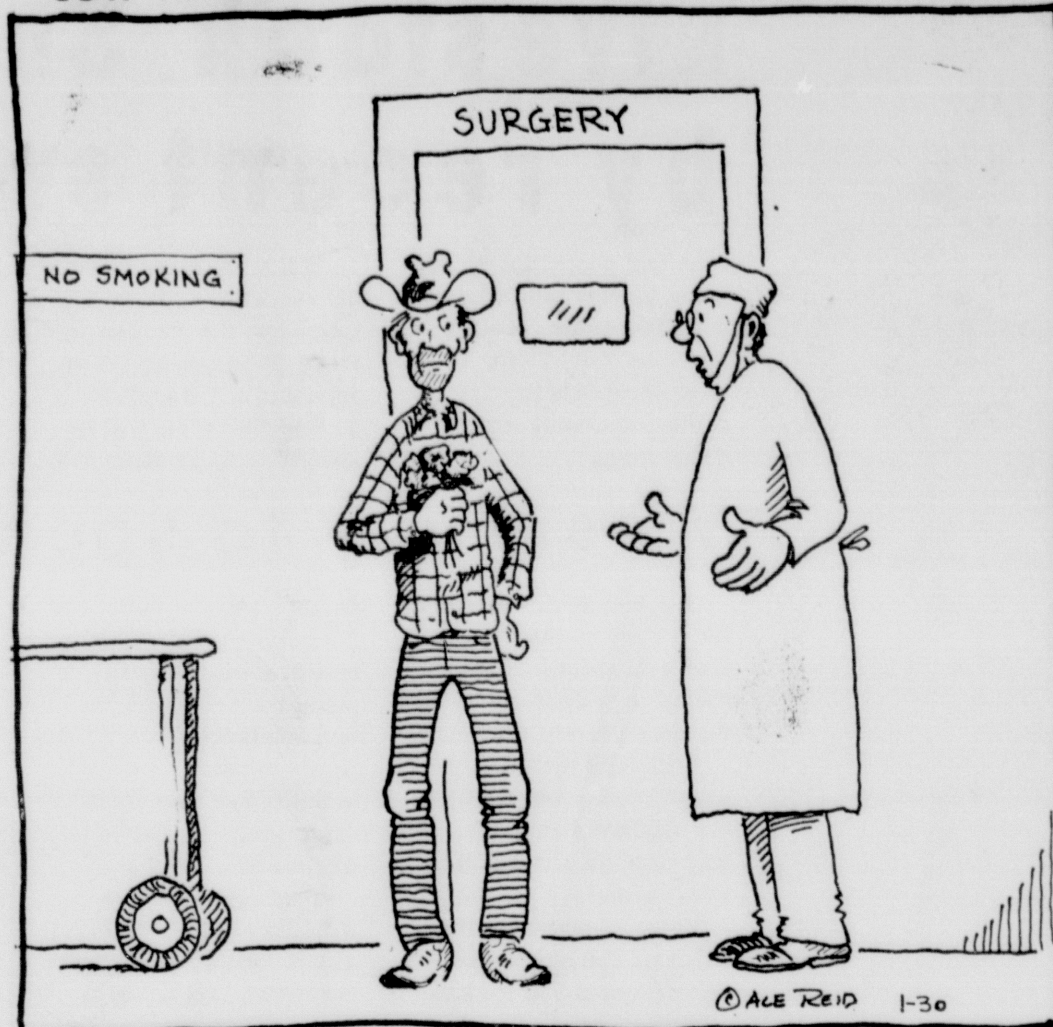

Along with many other members of the Congress, in both parties, I still must be convinced that this restructuring is wise. I know that the complaints of farm organizations and farmers caused the exception of the Department of Agriculture from the proposed reorganization, and I anticipate other interested groups will not want bigger government departments handling their concerns.

Space limits examination of the President's statement and prospects for this congressional session, but I want to make one forecast. Some of the achievements of the first session of the 92nd Congress, unrecognized thus far, will emerge in the months ahead. The Administration held up money on a number of programs, and some of that money is already moving out of Washington. It is not just an accident that the November elections are already having their influence, 10 months in advance.

Letters from the mailbox

Dear Sir:

The Hondo Jr. Garden Club was organized on April 22, 1971. With our first big project being the establishment of a reclamation center collecting clear glass, tin and aluminum cans, waste paper to be recycled. Action on this project began on the opening of a reclamation center on October 2, 1971 at the corner of Avenue K and 18th Street.

As youth, we realize recycling of waste products is fast becoming a necessity in the United States. Yesterday's solution, which was to haul glass, cans, paper, refrigerators, television sets, tires and kitchen garbage to

the city dump or sanitary landfill to be buried or burned will not solve the problem much longer.

We know today that the raw material used in paper, bottles, cans, cars and the multitude of products we use in this modern society are not infinite. Each citizen can help to reuse or recycle and reclaim large quantities of this so-called trash products he has thrown away in the past. In our state alone, 26,000 acres are being used for land disposal of solid waste. It doesn't sound like much when you consider all the land in Texas, but it amounts to 41 square miles. It has been said that it may be better to recycle for profitable reuse than for the taxpayer to pay for collecting and disposing of solid waste.

Sixty million tons of paper was consumed in the U. S. last year with 19% of this recycled. Each ton of paper recycled represents 17 trees which will not be cut and processed into paper. The waste paper collected at our reclamation center are in forms of newspaper, IBM cards, magazines and corrugated paper which must be tied in separate bundles before delivered to the American Waste Paper Co. in San Antonio by the county.

Each year Americans discard 55 million cans and 23 million bottles. We are no longer collecting clear glass at our reclamation center as it went to the Citizens for Better Environment in San Antonio which is closed due to citizens using their reclamation center as a city dump. All tin and aluminum cans collected at our station are delivered to the Continental Can Co. by the Pearl Beer Distributor in Castroville. These cans are crushed before delivery. In small communities we would like to blame the solid waste problem on objects and institutions. We point the finger at industry at our lawmakers. We are rightly concerned about "them" but we forget about "us."

Only people can stop solid waste or pollution.

We feel our reclamation center a worthwhile project in preserving our environment. We are a small group of youth and ask your support. We also welcome any volunteers to work at the reclamation center on Saturdays from 9 p. m. to 1 p. m. Volunteers are necessary to see that the items are properly prepared and placed in the proper receptacle and also to keep the area clean.

Sincerely,
Hondo Jr. Garden Club

County and by the time May 6 rolls around I am sure it will be boiling and bubbling.

Several people have asked me what Rep. John Poerner is going to do and I tell each one of them: Wait for the Federal Courts to decide on the constitutionality of the recent state re-mapping job.

And from the decision handed down in Dallas this past week on the Congressional Districts, I can see why he has not announced yet. All indications are the Courts will decide against the new plan and thus Poerner's present district will be changed again.

We should know by the end of this week, for the Court in Austin is expected to hand down its decision at least that long before the February 7 filing deadline.

Then I am assured by Poerner, we'll all know what his plans are for this year.

SCENES

. . . I failed to add in mentioning changes the other week . . . Chapa Furniture is adding a sizeable area to the rear of the new store for additional display room . . . K&B Drive In has some building going on at the rear of the present structure East of town.

ANOTHER RAIN GAUGE

. . . heard from this past week was on the Herman Ney Ranch 10 miles north of D' Hanis.

Rainfall for 1971 in that area totaled 45.45, very close to that on the George Brucks Ranch. Monthly totals showed: January, .00; February, .00; March, .00; April, 3.85; May, .25; June, 3.50; July, .50; August, 30.10; September, 1.40; October, 4.20; November, .30; December, 1.35.

I get the word by the grapevine that it wouldn't hurt the area any at all if a little moisture would fall now.

BEARDS, MUSTACHES

. . . and what-have-you will be in style again beginning February 1. This is the date growers may begin for the Museum Day Facial Growth Contest on May 6. So, mama, let the old man join the crowd—and enjoy the fun by getting tickled on each kiss between now and May 6.

Congressman Kazen to attend KRME celebration

Congressman Abraham "Click" Kazen, Jr. is one of the guests who has already accepted an invitation to attend the second anniversary celebration of Radio Station KRME.

The celebration is set for Monday, February 14, at the Hondo National Guard Armory and members of city, county and state government have been invited to attend.

In accepting the KRME invitation Kazen said, "The Legislative schedule is such that it will be possible for me to attend the Mexican dinner festivities between 7:30 and 8:30 p. m. on the 14th, and I am looking forward to being with you on that occasion."

In addition to Kazen, similar invitations have been sent to Uvalde banker-rancher Dolph Briscoe and to San Antonio Congressman Henry B. Gonzales. Neither Gonzales nor Briscoe have indicated yet if their busy schedule will allow them to attend.

However, representatives of all levels of government and KRME's advertisers have already accepted invitations.

Tickets for the dance which will feature ten Spanish bands are on sale daily at the KRME Studios. They are \$5.00 per couple, \$3.00 for single admission and \$1.00 for students under 12 years old. Tickets, if any are left, will be higher at the door the night of the dance.

Don't lose your voice!

When the person on the other end of your telephone line can't hear you, there isn't much point in talking. If the fault is ours, we want to know about it. But before you speak to us, try speaking up to the other party. If you're holding the handset below your chin, he won't hear much. But if you talk directly into the mouthpiece, your voice comes through loud and clear. Though it's only a small tip, it doesn't leave you speechless.

Wilson-Vaughan vows exchanged in Pearsall

Miss Mary Jo Vaughan and Larry Lynn Wilson exchanged wedding vows Saturday, January 15, 1972 in a candle-light ceremony in the First United Methodist Church of Pearsall. Reverend Harold Zirkel, assisted by Reverend Austin Masters on, read the impressive double-ring ceremony.

The bride is the daughter of Mrs. Clyde C. Vaughan, Jr. and the late Mr. Vaughan of Pearsall and parents of the groom are Mr. and Mrs. Willard Wilson of Yancey.

Edward and Roy Vaughan, brothers of the bride, lighted the tall white cathedral tapers held by fern entwined candlebras placed at each side of the chancel which

centered the altar arrangement of white mums and carnations.

The bride, given in marriage by her uncle, W. A. Roberts, fashioned her gown of candlelight silk peau de soie and Alencon lace delicately embroidered with bridal pearls. The fitted lace bodice accented the slightly gathered skirt which flowed into the chapel train. For something old, Mary Jo wore hand-crocheted gloves worn by her mother for her wedding. She carried a nose-gay of cream sweetheart roses, stephanotis, baby's breath and lilies of the valley tied with satin streamers.

Miss Cynthia Launius of Houston was maid of honor.

Miss Jayne Vaughan, sister of the bride, and Miss Linda Schorp were bridesmaids. Jewel necklines accented the empire bodice of the antique green silk gown of the attendants. Each wore a head-piece of matching illusion and carried a single long-stemmed crimson rose.

Lyn Vaughan, niece of the bride, and Many Berry, cousin of the groom, as flower girls, were similarly attired. Dale Boggus, nephew of the bride, participated as ring bearer.

Garry Wilson assisted his brother as best man. Grooms-men were Dennis Wilson, brother of the groom, and Lynn Ray Faseler of Yancey. Ushers were Edward and Roy Vaughan and Tommy Wilson, cousin of the groom.

Following the ceremony, the bride's mother entertained with a reception in the Fellowship Hall. White satin pearl-edged wedding bells, tied with illusion and stephanotis, topped the three-tiered white frosted wedding cake decorated with spun sugar roses, petunias and lilies of the valley. Mrs. John Barton of Houston and Mrs. Roy Vaughan served.

The groom's cake was the traditional German chocolate with pastel flowers and greenery decorating it. Serving at the groom's table were Miss Jeannie Anderson of Austwell and Mrs. Clyde Vaughan, III of Pearsall.

Mrs. Don Berry kept the bride's book. Nephews of the bride, Clyde Vaughan, IV, Brett Boggus, Roy Vaughan, Jr., Eddie L. Vaughan, and Bonnie Meunier presented the guests with rice bags. After a short trip to New Mexico the couple will make their home in Pearsall.

An important message for people who prepare their own income tax returns.

Maybe you've been cheating yourself all these years.

Every year, between January and April, millions of people sit down to do battle with Uncle Sam. Some are "self styled" accountants. Others think they can save a few dollars doing it themselves—so why not. The sad truth is, however, no matter what their reason was for starting, many of them end the same. On the short end.

You see, when it comes to income taxes, amateurs should depend on H&R Block. We have all the facilities to help you make "income tax time" a pleasant experience. To begin with, H&R Block now has over 6,000 conveniently located offices manned by thousands of specially trained personnel who are anxious to help you. They'll sit you down over a free cup of coffee and show you some things about your income tax that you might never have known existed. For example, do you know

all about deductions for child care or casualty losses? And maybe you aren't aware that if your income increased last year, you may be able to save tax dollars by "income averaging."

Well, when it comes to income taxes, H&R Block is aware of just about everything because we're a company that eats, sleeps, and drinks tax returns 365 days a year.

Yes, maybe you can save a couple of bucks by doing your own return but it really may be costing you a lot more by not having your return done by H&R Block.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

H&R Block.

The income tax people.

so announced that a ruling from the Internal Revenue Service has been received to the effect that sale or lease of cotton and peanut allot-

ments are exempt from economic price controls.

Smith also listed in his recent newsletter some dates to remember: Jan. 31--final date to file application under Wool and Mohair Programs; Feb. 3--beginning date for cotton, wheat and feed grain sign-up; Feb. 15--final date to request new grower cotton allotment; Feb. 29--final date to request new grower feed grain base; Mar. 1--final date to release cotton or peanut allotment; also, final date to request re-apportioned cotton or peanut acreage; also, final date to file application for transfer of cotton allotment; Mar. 10--final date for cotton, feed grain and wheat sign-up; April 1--final date to file applications for peanut allotment transfers.

Singers get reminder

Say, singers who will perform in the presentation of Handelmann's Messiah! take note on your rehearsal. It will be held today (Thursday) at 7:30 p.m. in the St. Paul Lutheran Church Educational Building. Don't forget, now. Heah?

MARINE PFC. MARSHALL M. SEAY, son of Henry A. Seay, Sr. of LaCoste, has graduated from basic training at the Marine Corps Recruit Depot in San Diego.

Area farmers borrow

Farmers and ranchers in an eight-county area borrowed more than \$17.7 million from Uvalde Production Credit Association in 1971, according to N. B. Willey, association president. This amount represents loans to 206 stockholders, he said.

Loan volume for 1971 is up \$3.3 million or more than 23 percent over the same period a year ago, Willey said. Uvalde PCA is one of 34 Texas associations that together loaned more than \$942 million to the state's farmers and ranchers in 1971, he said.

The association, with offices in Uvalde and Hondo, makes agricultural loans in Bandera, Edwards, Kerr, Kinney, Medina, Real, Uvalde and Val Verde counties.

New Look

A "New Look at Aggie-land" in next Sunday's Texas Star, distributed weekly with the state's leading newspapers, reveals some great new additions to the campus -- including girls.

The coeducational aspect is just one of the innovations at Texas A&M University explored by Leon Hale in a highly entertaining article, the first in a series on Texas colleges and universities. If you're inclined to think that Aggie-land is strictly for squares, you haven't been paying attention. Hale concludes in this brilliant Star article.

Lorraine Barnes reconstructs the story of a talented Viking lady who was a true leader in the Norse community where she lived as a Texas immigrant. She was a social activist who loved the state and encouraged her friends in Europe to come and settle here.

Another feature in the Sunday Star concerns Bubba Busceme of Beaumont, a fine amateur boxer with three national Golden Gloves titles.

He is looking forward to the 1972 Olympics in Munich this year.

"Don't spare the rod" is a fisherman's advice to parents. Ira Stockebrand, a retired teacher who spends most of his time fishing, writing about the sport and photographing his adventures, imparts some of his philosophy to L. A. Wilke in another Star feature.

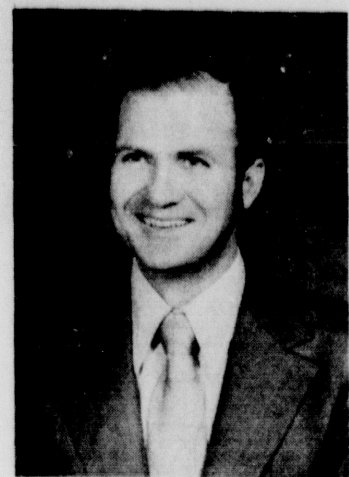

Barbecue set to benefit local family

A beef barbecue to benefit the Salazar family has been scheduled for Sunday, February 13.

The event will be held at the Hondo Volunteer Fire Department from 11 a.m. to 2 p.m. on that date.

Cost is \$1.60 per plate and tickets are now on sale.

Monies obtained will be used to renovate the present home in which the Salazar family is living, according to Father Emmett Carolan, coordinator for the campaign.

Three big ones win, district remains deadlocked at top

The District 28-AA basketball race remains in a three-way tie after Tuesday night's play. The Hondo Owls, Devine Warhorses and Pearsall Mavericks all remain deadlocked with identical 7-1 district records.

The Warhorses got a 32-point effort from Dennis and downed Poteet by a 64-43 score at Devine. The winners led only by three points at half time, but pulled away in the second half.

At Pearsall the Mavericks led all the way in posting a 75-57 win over Carrizo Springs. Four Mavericks scored in double figures.

At Hondo the Owls outscored Cotulla 58-18 in the second half as they posted an 86-39 win after leading just 38-21 at half time. The Owls were led by Keith Ligon with 19 points, while James Batteau and Lonnie Knowles each scored 18 points for the winners. Other Hondo scorers were Grant 13, Blackshear 8, Hill 6, Weems 3, Wiemers 1. Cotulla scoring included Benavides 10, Tellez 9, Oslo 8, Rodriguez 7, Adams 3, and

Gonzales 2.

In the only other Tuesday night game Medina Valley fought off a second half surge by Southwest and scored a 57-56 victory. Keller had 16 points for the winners while Guidry took game honors with 23 points for Southwest.

In a crucial second round game Friday night, the Hondo Owls entertain Devine in the Hondo gym. In their first meeting at Devine, the Warhorses handed Hondo their only district loss of the season, 66-55.

B-Team Undefeated
The Owl "B" Team remained undefeated in district play with a 59-39 win over the Cotulla "B" Squad. The junior Owls led only 23-17 at halftime, but rallied in the second half for the 20-point win. They have an overall 9-1 record. Doug Helvey led the "B" Team with 17 points, followed by Ray Garcia with 14 and Bryan Finger with 12. Gary Meyer scored 16 for Cotulla and Dale Meyer added 11.

You can see them out there a lot sharpening their game, and running through their personal tourney. In this group are Candy Colunga, Isabel Lopez, Pilo

Ramirez, Rogelio Carmona, Felix Reyes, Red Garcia, Alfredo Avila, Emilio Gonzalez, Juquin Tapia, Fred Muniz and Jose Valenzuela. Winners in their tourney were Felix Reyes, Red Garcia, Emilio Gonzalez and Fred Muniz. Others playing but not pictured are Johnny Morin, Richard Torres.

Putting diamond in shape

With the new baseball season just around the corner, these freshmen boys at D'Hanis are working hard under the supervision of Coach Pete Angermiller to get the baseball field ready for the initial game of the season against Carrizo Springs on March 1. Doing the work are Ronnie Koch, Charles Hood, Alan Huser, Joseph Nester, Richard Rothe. (Photo by Father Victor)

Owls continue winning ways by whipping Poteet

Hondo's Owls continued in a tie with Devine and Pearsall for the District 28-AA basketball lead with an easy 78-54 win over Poteet Friday night.

The Owls led only 24-19 in a slowed down first half but outscored the Aggies 54-35 in the second half to post their sixth win against one district loss.

Second round play opens Tuesday night in the Hondo

gym with the Owls facing Cotulla.

In other Friday night games Pearsall beat Southwest 79-58, while Medina Valley was a 54-40 winner over Cotulla. Devine beat Carrizo Springs.

In the Hondo-Poteet game James Batteau, Keith Ligon, Eric Grant and Robert Blackshear all scored in double figures to pace the Owls. Batteau led all scorers with 20 points followed by Ligon with 17 and Grant and Blackshear with 12 each. Others were: Knowles 8, Wiemers

8, Abrigo 2, and Weems 1. Clipperbox and Gasch each scored 11 points for the losers. Other scorers were Sanchez 9, Vargas 9, Tuttle 7, Golins 6, Crouch 2, and Ellison 2.

Coach George Ridell's "B" Squad continued undefeated in district play by rolling to an easy 61-27 win over Poteet's "B" Squad. Doug Helvey led Hondo with 13 points followed by Bryan Finger with 11, and Gene McAnelly with 10. Poteet was led by Garza and Birnas with eight points each.

Company builds homes

As any town grows into a larger community, many new corporations, businesses and families establish themselves within the city. One such town is Hondo, and one such business is M&S Companies.

M&S Companies is a new construction firm in Hondo that is making an effort to give to many families in this area a chance to buy a new home through a government-supported loan.

Working through this United States government a-

gency M&S Companies is trying to use the full force of this program by offering new brick homes to those low and moderate income families who show an interest in improving their housing situation.

In this way M&S Companies is helping to improve Hondo by building new homes, remodeling old ones, using local business and labor, and thus giving the growing city an active, new look.
